## Web Developer

Full Stack Web Development Graduate seeking to expand and grow in the web skills obtained at the University of Utah Web Development bootcamp.

## Technical Skills

**Languages:** HTML, Handlebars, CSS, Bootstrap, Javascript, jQuery, Git, Markdown, Node js, Express, mySQL, MongoDB, React, API Consumption, Animate.css.
**Aplications:** VS Code, Github, Heroku.

## Projects

**Weather Site** | github.com/hockeyduck3/Weather-Site | hockeyduck3.github.io/Weather-Site/
- Search for a city name or zip code to find local weather about that area.
- Core responsibilities were to make a simple Weather Site using the OpenWeather api.
- Languages: HTML, CSS, Bootstrap, jQuery

**Eat-Dat-Burger** | github.com/hockeyduck3/Eat-Dat-Burger | eat-dat-burger-website.herokuapp.com/
- This project is a simple burger eating website. Type in the name of a burger and it will show up on the left side, click on the burger name then it will show up on the right.
- Core responsibilities were to demonstrate how mySQL server could be used.
- Languages: Handlebars, CSS, Bootstrap, jQuery, Node js, Express, mySQL

**Poke-Build** | github.com/Akessler314/DREAM-TEAM | poke-build.herokuapp.com/
- This was a group project to allow users to search for Pokemon.
- Core responsibilities were handling the Frontend UI, Javascript, and assisting on the Backend side when needed.
- Languages: Handlebars, CSS, Bootstrap, jQuery, Node, Express, and Sequelize.

## Experience

**Volunteer Sound and Visual Technician**                  **Sep 2019 – Oct 2020**
**The Rising Church, South Jordan, UT**
Worked as Engineer for audio and created visuals using OBS, ProPresenter and Apple iMac Computer. Provided sound mixing with an Allen and Heath SQ5 and Enlighten for lighting. Conducted pre and live video productions for the church website.
*Key Accomplishments:*
- Trained and coached new volunteers to ensure that there was a consistency in productions and process.

**Volunteer Sound and Visual Technician**                  **Jun 2012 – Feb 2019**
**Crosspoint Church, Salt Lake City, UT**
Worked as Engineer for audio and created visual effects and design using a Yamaha QL5 soundboard, ProPresenter, Photoshop, Adobe Premiere Pro, and Proclaim. Designed and prepared marketing, media, advertisement graphics for the church's bulletins, in-service announcements and website.
*Key Accomplishments:*
- Recognized as a leader at age 17 for my attention to detail, organization skills, and mentorship. With this new role, I was able to bring in new members, training them within my first couple of weeks.

## Education

**Certificate in Full Stack Web Development:** University of Utah, Sandy, UT                                    Aug 2020

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, gv Express, Handlebars & ReactJS.

**Additional Coursework:** Broadview Entertainment Arts University, Salt Lake City, UT                                    Mar 2017

Took courses in Basic Web Design, Intro to Photoshop, Intro to Film, Digital Film Editing, and Intro to Game Development.
